Session 6 Biodiversity: What natural capital thinking can achieve?

Wealth Accounting and the Valuation of Ecosystem Services
www.wavespartnership.org

Session 6 Objectives

1. What is the value added of Natural Capital Accounting in mainstreaming biodiversity
2. What steps to take to ensure that Natural Capital Accounting addresses the priority issues in your country/institution's biodiversity agenda (e.g. your NBSAP)
3. What steps to take to broaden the use of the ecosystem accounts to help prevent biodiversity degradation or unsustainable use
