Global Consultation on the complete document: Comments Form

Deadline for responses: 30 November 2020

Send responses to: seea@un.org

Name:	Teresa Bernardo Magalhães Pinto
Organization & country:	Institute Polytechnic of Land and Environment Sciences – Ministry of Land and Environment , Mozambique

The comments form has been designed to facilitate the analysis of comments. There are six guiding questions in the form, please respond to the questions in the indicated boxes below. To submit responses please save this document and send it as an attachment to: seea@un.org.

All documents can be found on our website at: <https://seea.un.org/content/global-consultation-complete-draft>

In case you have any questions or have issues with accessing the documents, please contact us at seea@un.org

General comments

Question 1: Do you have comments on the overall draft of the SEEA Ecosystem Accounting?

I don't have enough knowledge of SEEA- CF to make good comments. But in general the document seems, to me, to be too bigger and complex, not easily to consult and understand. It has many titles and subtitles and some subtitles could be avoided by making them more global for various information. In each title, there are many subtitles and this makes reading the document complex because the titles have too many subtitles and some titles could have been globalized for various topics in order to make the document more understandable and easier to consult, take into accounting that it will be used by countries with different level of knowledge and perception. So it needs to be clear as much possible and easily to use. Some topics need to be clearly developed. For example the topic 2.2.5 pag.22, " Economic considerations concerning the ecosystem accounting Framework" very important. Economic analyses tools to help even to understand environmental economics relation into business approach. I didn't find clear and easily to apply the focus is to much statistic for government and the decision is made also at private sector. It should be introduced in the chapters.

Comments by sets of chapters

Question 2. Do you have comments on Chapters 1-2 of the draft SEEA Ecosystem Accounting?

Question 3. Do you have comments on Chapters 3-5 of the draft SEEA Ecosystem Accounting?
