## **SUPPLY TABLE**

	UNIT: Petajoule (10 <sup>15</sup> )	Agriculture and forestry	Mining	Electricity supply	Other industries	Households	Inventories	Imports	Environment	Total
		Agriculture and lorestry	IVIIIIIIII	Electricity supply	Other muustries	nousenoius	inventories	illiports	Environment	Total
Natural inputs	Extraction of coal									
	Electricity from solar panels and wind mills									
	Wood									
Products	Coal									
	Gasoline									
	Electricity									
	Fuel wood									
Residuals	Losses during extraction (coal)									
	Losses during distribution (electricity)									
	Losses during transformation									
	Other losses (due to end use)									
	gasoline									
	electricity									
	fuel wood									
Total supply of	energy		•		•					

## USE TABLE
