

Report Technical Committee SEEA CF

27-9-2021

Sjoerd Schenau

Background

- **Mandate SEEA CF TC:** Advance the research agenda for the SEEA Central Framework and Advance the development of the implementation materials/tools
- The **UNCEEA** (June 2021): *the SEEA Central Framework (SEEA CF) is broadly up to date and stressed the importance of updating the SEEA CF to maintain its relevance for policy and consistency with other macroeconomic statistical standards*
- A decision on a **revision of the SEEA CF** could be made in 2023 on the basis of the status of the SNA update and progress on the SEEA CF research agenda.

Priorities for the workprogramme

1. Classifications
2. Input SNA revision process
3. Issues SEEA CF research agenda

Work on classifications

Input revision statistical classifications:
